D.No. 2506 ✓

S.N.(1) ✓

vide Routine
Note at 'N'.

This case was held up pending the disposal of
Dr. Moller's report regarding the establishment of a T.B.
Sanatorium in the C & M Station.

S.N.1/a ✓
F.244-1930 ✓

'A'

The Zenana Mission Hospital, C & M Station,
Bangalore, was started in 1894 by the Church of England
Zenana Missionary Society as a general hospital for the
treatment of Indian women and children. The tuberculosis
work was undertaken by the hospital in 1913.

3

The following non-recurring grants were paid in
the past to the hospital by Government from M.A.T.funds:

S.N.55 ✓
F.111-92 ✓

'B'

S.N.87 -do- ✓

'D'

S.N.94 -do- ✓

'E'

(1) Rs.7350 in 1913 for the construction of an
open-air ward for consumptive patients,

(2) Rs.5200 in 1918 for certain improvements to
the sanitary system of the hospital.

(3) Rs.10,000 in 1919 for the construction of a
separate ward for venereal diseases and quarters
for Indian doctors of the hospital.

4

In addition to this the hospital has also been
receiving a recurring grant from Government. The history of

~~XXXXXXXXXXXXXXXXXXXX~~ the recurring Government grant is

this. In 1931 the hospital came to a crisis owing to the
decision of the Church of England Zenana Mission General

S.N.4 ✓
F.281-31 ✓

'F'

Comm.

S.N.5 ✓
F.281-31 'F' ✓

Committee in London to stop the annual grant given by it to the hospital. The hospital authorities applied to the Resident for a Government grant and on his recommendation, the Govt. of India sanctioned the payment from M.A.T. revenues of an annual grant of Rs.10,000 to the hospital, with effect from the 1st November 1931, subject to the fulfilment of certain conditions which included the up-to-date treatment of tuberculosis.

51

S.N.1 ✓
F.578-36 'J' ✓
(para.8) ✓

When this grant was sanctioned, the finances of the Mysore Assigned Tract were in a comparatively healthy condition. But in subsequent years, the revenues of the M.A.T. showed a heavy fall while the expenditure was steadily on the increase. A rigorous control of normal expenditure therefore became absolutely necessary in order to maintain the financial security of the Tract. A review of expenditure was therefore undertaken in 1936 and in this connection the Residency Surgeon suggested that in view of the fact that the resources of the Zenana Mission Tuberculosis Hospital were then more favourable and also that a large ^{number} ~~amount~~ of X Ray photographs were being supplied to the Mission Hospital by the Bowring Hospital, free of cost, a reduction of Rs.2,000 in the grant paid to the Mission was reasonable and could be effected. This was accepted by the Resident and

S.N.4 -do- 'J' ✓

effect to from the year 1936-37. The Society protested against this reduction but our letter in reply had the desired effect.

6

The Residency Surgeon now recommends the temporary restoration of the grant to the original figure of Rs.10,000 for the duration of the war and for one year thereafter in view of the difficulty the hospital authorities are experiencing in the matter of obtaining subscriptions and endowment money from England on account of war conditions.

7

In 1936-37, the year in which the cut was made, the M.A.T. budget showed a surplus of Rs.21,580. In 1937-38 and 1938-39, instead of a surplus, there was a deficit of Rs.12,914 and Rs.19,601 respectively. The actual ~~xxxxxxxxxxxxxx~~ figures for 1939-40 have not yet become available. It will be seen from the above figures that the financial position of the Tract has deteriorated in recent years. In 1939-40 we had an unexpected windfall of Rs.47,419 on account of income-tax from Insurance Companies. This will, no doubt, improve the position; but in view of our dwindling surplus we have been postponing all capital works in the Station

PP not put up

of F.R.60(3)-39 'Q'

8

S.N.4
F.281-31 'F'

such as improvements to public buildings, etc.; and grants to educational institutions have been reduced by Rs.33,000. We are still not in a position to spend the necessary money on buildings or to restore the educational grants. The Zenana Mission Hospital is undoubtedly fulfilling a very useful purpose and Dr. Moller in his report on the Tuberculosis scheme has spoken of the work of the institution in glowing terms, but we cannot regard this hospital to be more important than other institutions in the Station which stand in need of improvement.

It is not possible to meet the proposed additional expenditure of Rs.2,000 from the sanctioned budget for 1940-41; and if it is decided to restore the cut, application will have to be made to the Political Department for an additional grant. It may be mentioned that when the payment of annual grant of Rs.10,000 to the Mission Hospital was recommended to the Political Department in 1931, the Resident pointed out that there were no other institutions in the Station to cater for T.B. patients. The position has since altered. A tuberculosis dispensary has been opened by the Municipal Commission and the proposal to establish

S.N.16 ✓

F.R.60(3)-39 ✓

"Q" ✓

a tuberculosis sanatorium in the station has been submitted to the Political Department for sanction. The scheme for the sanatorium as at present drawn up involves a maximum recurring expenditure of about Rs.8000/- to Government and Rs.6000/- to the Municipal Commission besides a non-recurring expenditure of Rs.6000/-. In view of the facilities now being made available for the Station in the matter of T.B. treatment it is possible that, if we ask the Political Department now for the temporary restoration of the cut in the Government grant to a private hospital for T.B. work, they may turn round and question the necessity for the payment of the present grant of Rs.8000/- even.

9

In these circumstances, it is for consideration whether it will be advisable to approach the Political Department at this juncture. The Home remittances of the hospital are only delayed indefinitely and not completely stopped and the hospital authorities might try to make some temporary arrangements to balance their budget for the time being by reduction in expenditure etc. If approved, the Residency Surgeon may see the file U.O. and say whether in the light of the foregoing notes he

wishes

wishes to press his proposal.

16/11/40

(From para. 1)

R

13.5.40

Secy

10

The Sanatorium will, when built, only comprise 2 wards of 18 beds each at first. In his Closing Remarks on p 70 of R Dis 60(3) Dr Holler recommends expansion of the tuberculosis wards at the C.E.Z Hosp. until there are at least 200 beds in the Sanatorium. It would be disastrous to the tuberculosis Campaign if the work of the C.E.Z Hosp. were curtailed. On the other hand the H.Q.T. has not funds to increase the allotment. But is there no action we could take to facilitate the remission of funds from England?

alt. 14/5/40

11

* relates to 1938

Pages 8 ✓ (R) ✓

F 1327-37 ✓

The subscription from Home is negligible. It is seen from the latest statement of accounts of the C.E.Z. Mission Hospital available in this office that the subscription amounted only to £. 38-13-0.

Endowment money (donations for beds) amounts to about

£.

12

Rs. 4,000/- . It is not clear why this money is not being received now. It is described as 'Endowment' money and must therefore be accumulating. If the R.S. can kindly find out from the Hospital authorities what exactly the difficulty is, we can explain the position to the Pol. Dept. and ask them for help to facilitate the remittances, if this is in any way possible. There should also be other institutions in India similarly situated in the matter of remittances from abroad and the Govt. of India must have had cases of this kind referred to them.

slip (W)
Page 3 of 4 of
main file.

I attach a statement of account of the Mission Hospital for the last four financial years. From this it will be seen that the main items of receipts are:

The Government Grant,
Ward Rents, and
a head shown as Contribution
for beds.

This latter is made up of ^{an} endowment which is relatively fixed at about Rs.1800/- a year and which may be expected to continue in war time as circumstances permit the export of the money. The remainder is made up of what Dr. Parsons calls as 'bed money' which is variable and is, in fact, derived from contributions made by people in England to the support of beds in this hospital. With the financial conditions prevailing in Great Britain Dr. Parsons

considered that she cannot count upon much, if any, of this money being received during war time.

As regards Ward Rents, these are also rapidly falling and are expected to fall still further in view of the fact that while general cases whose stay in hospital is not prolonged are often willing and able to make fairly substantial payments towards the hospital, tuberculosis cases are mostly from the very poorest classes of the community and can seldom make such contributions. If they are so able, the contributions are much smaller and cease very soon, while the stay in hospital of a tuberculosis patient is much longer than that of patients suffering from general ~~more~~ "acute" diseases. The fall in this item from 1936-37 to 1939-40 is 32%.

It will also be seen that there has been a general decrease in all expenditure heads excepting salaries to Assistant staff. It is therefore apparent that if the hospital is to continue to function in its present very useful capacity more help will be needed than the measures suggested in para 10 of notes to facilitate remission of funds from England.

I have again discussed the matter with Dr. Parsons who informs me that if the proposed increase of Government grant can be sanctioned it will make it possible to carry on on the present lines. Without such, or equivalent, contribution it is to be feared that the work of the hospital will have very seriously to be cut down in the next few months.

Dr. Parsons informed me to-day that she had sufficient money to carry on for the first half of 1940, but only for this. If the Political Dept.,

fully understand the circumstances I do not consider that there is any serious danger of their questioning the grant as hinted at para 8 of notes. It is therefore desirable that early consideration be given to this problem and means of helping devised.

A.S.

U.O.No. 1863 dated the 17th Octr.1944.

The Superintendent, C.E.Z.M. Hospital who was asked to furnish the required certificate has intimated that she has already sent an audited statement of accounts of her Hospital in respect of the grant for 43-44 and she cannot make out what else is necessary.

It is seen from the Accountant General's letter dated 12th October 1944 that this letter is only a reminder to his previous reference dated 2nd September 1944 when he had not before him the audited statement of accounts of the Hospital. The latter has been forwarded to him under your No.412 dated 3rd October 1944, but still he does not make any reference about this in his letter dated 12th October 1944. He may kindly therefore be asked if he has since received the audited accounts and if he still considers the certificate of utilisation necessary as in previous years we used to send only the audited accounts and not any certificate.

Resident

Yes, all the work is
done by the staff of the
hospital. The work is
done by the staff of the
hospital.

Subject: Zenana Mission Tuberculosis
Hospital.

Would you kindly refer to correspondence
ending with your office endorsement No.F.579(IV)-36/
R.O.II dated the 8th March 1937?

I have to-day had a visit from Dr.Parsons,
who came to me in serious trouble about the effect
of the war on the receipts of her hospital. She
pointed out that subscriptions from Home and endow-
ment money for beds (amounting to Rs.5,000/- annually)
were no longer being received on account of war con-
ditions and the ban on export of money. This had made
such a serious difference to the finances of the hos-
pital that she had already been forced to reduce the
scope of the hospital work considerably by cutting
down all general medicine and surgery. Even with
these restrictions and the present modified scale she
said it was possible to continue only for a few months.
I received the impression from her that unless some

S.N. 13 ✓

P. 36 ✓

F. 578-36 ✓

financial assistance were possible it was probable that the hospital would have to close down in the comparatively near future.

As you will see from the files, for many years the Mysore Assigned Tract contributed Rs.10,000/- annually to this hospital but that with the necessity for retrenchment this amount was reduced in 1936 to Rs.8,000/-, at which figure it is continued since. This reduction was received with perfect grace by the hospital concerned and after some correspondence, with not so good grace, by the Secretary of the Mission concerned. However, that gentleman eventually appreciated the position and made amends.

Since 1936 the Anti-Tuberculosis work in the Civil and Military Station has been placed upon an organized and satisfactory footing; so satisfactory, now, that the Station was awarded the Hassan Shurwardy Tuberculosis Shield for the best work done by any public body in India in Tuberculosis for the year 1938. In this development in work Dr. Parson's hospital has played an important part, and the restriction or closure of her hospital from financial stringency would be a calamity of the first order.

My proposal is therefore that the Resident be pleased, for the duration of the war and for one year thereafter, restore the grant to the Church of England Zenana Mission Hospital to the previous level of Rs.10,000/- a year, which would make it possible for Dr. Parsons to carry on her work at the present scale and to continue to play her most useful part in the Anti-Tuberculosis work of the Station.

I should be very grateful if you would put the position in front of the Resident together with my emphatic recommendation that if at all possible the Government grant be so restored with effect from the 1st of April.

Yours sincerely
J. M. Haug

To

From

The Hon'ble Lt. Col. J. H. Gordon, C.I.E., C.B.E., M.C.
Resident in Mysore.

To

The Secretary to His Excellency
the Crown Representative, Simla.

Dated Bangalore, the 19th June 1940.

GRANT IN AID TO THE ZENANA
MISSION TUBERCULOSIS HOSPITAL.

Sir,

I have the honour to refer to memorandum from the late Foreign and Political Department No.D.1784-A/31, dated the 14th August 1931 sanctioning the payment from the Mysore Assigned Tract revenues of a grant-in-aid of Rs.10,000/- per annum to the Zenana Mission Tuberculosis Hospital, Bangalore.

2. As a result of the review of expenditure undertaken in 1936, the grant to the Hospital was reduced to Rs.8,000/- with effect from the year 1936-37 - vide letter from this Residency No.F.578-36/R.O.II, dated the 27th March 1937.

3. The hospital is now in a financial crisis owing to the effect of the war on its receipts. I enclose a statement of receipts and expenditure for the last 4 years. The main items of receipts are:-

- (1) Government grant,
- (2) Ward Rents, and
- (3) Contribution for Beds.

Item (3) is made up of an endowment which is relatively fixed at about Rs.1,800/- a year and which

be

expected to continue in war time only so long as circumstances permit the export of the money from the United Kingdom. The remainder is made up of "Bed money" which is variable and is, in fact, derived from contributions made by people in England to the support of beds in this hospital. With the financial conditions prevailing in Great Britain, it is not possible to count upon much, if any, of this money being received during war time.

The Ward Rents are also rapidly falling and are expected to fall still further in view of the fact that while ~~general~~ cases, whose stay in hospital is not prolonged, are often willing and able to make fairly substantial payments towards the hospital, tuberculosis cases are mostly from the very poorest classes of the community and can seldom make such contributions. If they are so able, the contributions are much smaller and very soon cease, while the stay in hospital of a tuberculosis patient is much longer than that of patients suffering from general more "acute" diseases. The fall in this item from 1936-37 to 1939-40 is 32%.

These reductions have made such a serious difference to the finances of the hospital that the hospital authorities have already been forced to reduce the scope of the hospital work considerably by cutting down expenditure under almost all heads. Even with these reductions it is possible to continue the work only for a few months more. If the hospital is to continue to function in its present very useful capacity more help will have to be given by Government.

4. Since 1936 the anti-tuberculosis work in the Civil and Military Station has been placed upon an ~~Arant~~

organised and satisfactory footing and this is evidenced by the fact that the Station was awarded the Hassan Shurwardy Tuberculosis Shield for the best work done by any public body in India in Tuberculosis for the year 1938. In this development the Zenana Mission Tuberculosis Hospital has played an important part and the restriction or closure of this hospital due to financial stringency would be disastrous to the tuberculosis campaign here. In his report on the tuberculosis scheme for the Civil and Military Station Dr. C. Frimodt Moller has spoken in the highest terms of the work of the Zenana Mission Tuberculosis Hospital. He has recommended the expansion of tuberculosis wards in this hospital until there are at least 200 beds in the sanatorium proposed to be established in the Station.

5. In the circumstances, I consider it necessary that the Government grant to the hospital should be restored to the previous level of Rs.10,000/- a year with effect from the 1st April 1940 for the duration of the war and for one year thereafter and request the sanction of His Excellency the Crown Representative to the proposal. This will enable the hospital authorities to carry on the hospital work at the present scale and to continue to play their most useful part in the anti-tuberculosis work of the Station. If the proposal is approved, application will be made to the Political Department in November next for an additional grant of Rs.2,000/- to meet the excess expenditure.

I have the honour to be,
Sir,
Your most obedient servant,

b/c

Lieut. Colonel,
R E S I D E N T.

SUPERINTENDENT, RESIDENT'S OFFICE.

K.

From

The Secretary to His Excellency the
Crown Representative,

OFFICE OF THE
HON'BLE THE RESIDENT
MYSORE, BANGALORE.

The Hon'ble the Resident in Mysore. ✓

Dated New Delhi, the 25th July 1940.

.....

Grant in aid to the Zenana Mission
Tuberculosis Hospital.

.....

Sir,

I am directed to refer to your letter
No.R.F.412-40/G & A, dated the 19th June 1940,
and to convey the Sanction of the Crown
Representative to the restoration to the previous
level of Rs.10,000 a year, of the grant-in-aid to
the Zenana Mission Tuberculosis Hospital,
Bangalore.

2. The restoration will have effect from
1st April 1940 and will continue for the duration
of the war and for one year thereafter, and will
be subject to the condition that the extra
expenditure will be met from the revenues of the
Bangalore Assigned Tract.

I have the honour to be,
Sir,

Your most obedient servant,

Sunder Singh Chhabra

Subject:— Grant-in-Aid to the Church of England
Zenana Mission Tuberculosis Hospital
Bangalore - Rs. 4,000/- for the first
half year 1st April 1940 to 30th Sept. 40

SIR,

With reference to your letter No F. 578-36/ R.O. II
dated the 11th September 1936, to the Medical Superintendent
Church of England Zenana Mission Tuberculosis Hospital,
Bangalore, I have the honour to inform you that I have
received a requisition from the Superintendent, C.E. Z. M.
Hospital for the payment of the first half of the Government
Grant i.e. Rs. 4000/- for the first half of the official
year - from 1st April 1940 to 30th September 1940.

I am satisfied that the conditions under which
the grant has been sanctioned, are being fulfilled. I
therefore request you kindly to obtain the sanction of the
Hon'ble the Resident in Mysore, for payment of the grant
applied for viz. Rs. 4000/-, or Rs. 5000/- if the Residency
have since been able to find funds for giving effect to
the recent orders of the Government restoring the grant
to its original figure viz. 10,000/- per annum.

I have the honour to be,

Sir,

18.6.

21.6.40

2) Hospital Maintenance and Taxes.

The increase of Rs.1206-14-3 under this heading is accounted for mainly as follows:-

Hospital Linen replacements	Rs.541-11-6	increase
Wood, Charcoal and kerosine	510- 9-5	"
Daily marketing, (vegetables etc)	109-11-1	"

	Rs. 1162- 0-0	

In each case the increase may be accounted for by the rise in price of the article named.

1803-13-8

1) General Maintenance of Hospital.

(*)

This expenditure shows an increase of Rs.1803-13-8 over that of the previous year. This increase was due to,-

a) Normal increase in certain salaries and to the granting of 'Dearness Allowances' to the general staff of the hospital. Dearness allowances were given for the last seven months of the previous year but for the whole of the year 1943-44.

b) The employment of two assistants for nine and a half months of the year 1943-44 but for three and a half months only during 1942-43.

c) A rise in salary for the senior assistant, amounting to Rs.143/- for the year.

SN 6.

Draft amendment.

Handwritten notes and stamps on the left margin, including a circular stamp and some illegible text.

Rule 4 under the heading "General" in the Rules for the levy of fees in the B.&L.C. Hospitals - (Rule 13 in the revised set of rules awaiting Government's approval).

Handwritten notes and stamps on the left margin, including a circular stamp with the letter 'Z' and some illegible text.

Fees and charges are payable in advance subject however to the discretion of the Residency Surgeon who can relax the rule in such cases as he may deem unnecessary to enforce advances in the interest of Public Health and status of patients.

In cases of advance demands 10 days advance will be charged for ward charges, any balance being returned on the discharge of the patient.

Amounts of Re 1/- and less due to patients as unexpended balance will be finally credited to Government if not claimed within six months from the date of discharge of the patient.

Handwritten signature and a horizontal line.

Explanatory Note.

To allow discretion to the Residency Surgeon as there is none in the present rule which requires advance payments in all cases. In actual practice it is found that the rule has to be relaxed in certain cases as the strict enforcement means postponement until the money is paid of cases requiring immediate treatment.

Patients that may appear doubtful can of course as at present be charged in advance but cases of well known people and people of standing need consideration as they will only be annoyed by the strict application of the Rule and go elsewhere for treatment the result being considerable loss of income to Government.

Sir,

Re: GRANT IN AID - C.E.Z.M. TUBERCULOSIS
HOSPITAL, BANGALORE - Rs.5,000/- SECOND
HALF YEAR 1st OCTOBER TO 31st March 1945.

With reference to letter No.62(9)/40 dated
the 25th July 1940 from the Secretary to His
Excellency the Crown Representative communicated with
your endorsement No.412-40/G&A dated the 2nd December
1940, I have the honour to inform you that I have
received a requisition from the Superintendent,
Church of England Zenana Mission Tuberculosis Hos-
pital, Bangalore, for the payment of the second half
of the Government grant i.e. Rs.5,000/- for the
second half of the official year from 1st October '44
to 31st March '45.

I am satisfied that the conditions under
which the grant has been sanctioned are being
fulfilled. I therefore request you to kindly obtain
the sanction of the Hon'ble the Resident in Mysore,
for payment of the grant.

M.P.A.
The Secretary

to the Hon'ble the Resident in Mysore. BANGALORE

GRANT IN AID TO CHURCH OF ENGLAND
ZENANA MISSION HOSPITAL, BANGALORE.

I have the honour to forward herewith the audited statement of receipts and expenditure of the above Hospital for the year ending 31st March 1945 for favour of transmission to the Accountant General, Madras.

I am satisfied that the conditions under which the grant has been sanctioned are being fulfilled.

I have the honour to be,
Sir,
Your most obedient Servant,

TMK.

for RESIDENCY SURGEON, BANGALORE.

Office of the A.G. Madras
SN 40
GOVERNMENT OF INDIA.
Indian Audit Department.

EXPRESS LETTER

N. B.—This is an ORIGINAL MESSAGE, sent by post to save telegraphic expense and undue use of the wires, but intended to be treated, on receipt, with the same expedition as if it had been telegraphed. To save time and formalities it is worded and signed as if it had been so despatched.
